What is the secret element to
success?

There is no single element. But there
are multiple Elements

Team Building

- Developing alone is possible, but not advised.
- A team allows higher production value. (But not always!)
- Your team needs:
 - ✓ Understanding
 - ✓ Additive Value
 - ✓ Honesty & Critique
 - ✓ Dedication
 - ✓ Diversity (is possible)

Practice

- Brush up your skills
- Read and watch tutorials
- Look up the latest engine features
- Game Jam Simulation

Agreed Workflow

- Naming Conventions (Folders, Files, Variables...etc.)
- Engine Choice
- Source Control Tools
- Approval Process (if needed)
- Support

Execution

- Pitch Ideas
- Brainstorm on agreed idea
- Divide Tasks
- Plan Before Execution
- Rotate Sleeping
- Ask for Help when needed
